Chief Engineer of Mysore,

Bangalore,

K.R.Srinivasaiengar, Esq., M.A.,

6 Offg Secretary to the Government of

His Highness the Maharaja of Mysore,

Sir, General and Revenue Departments.

With reference to clause 2 of paragraph 3 of this offic wo.4113 dated the 21st May last, I have the honour to forward herewith an estimate amounting to Rs 3,672 for improving the Distribution Reservoir and Filter Beds of the Chickmagalur water supply, received from the President of Municipalities, Kadur Diptrict, with his No.389 dated the 21st June 1912. The improvements chiefly aim at making these masonry tanks watertight, as there is said to be going on a considerable waste of water due to the leaky state of th walls and floor.

The filter beds, besides being leaky, are faulty in design and further improvements will be necessary before they can be made to work satisfactorily.

2. The amount relating to repairs and improvements of the Distribution Reservoir only is Rs 2,985. A separate abstract is enclosed for the same. This may be sanctioned for the present.

3. The Executive Engineer will be instructed to submit a separate estimate for the filter beds providing for all the improvements required. The estimate, when received, will also be forwarded
